

ACRS 2025

THE 46TH ASIAN CONFERENCE ON REMOTE SENSING

"Harnessing Remote Sensing for Global Sustainability and Innovation"

MAKASSAR - INDONESIA • 27 - 31 OCTOBER 2025

INTRODUCTION

We are thrilled to welcome you to the 46th Asian Conference on Remote Sensing (ACRS 2025), set to take place in the vibrant city of Makassar, South Sulawesi, Indonesia, from 27th to 31st October 2025. This prestigious event is organized by the Asian Association on Remote Sensing (AARS) and the Indonesian Society for Remote Sensing (MAPIN/ISRS), in collaboration with Universitas Hasanuddin, the Government of Makassar City, and the Maros-Pangkep UNESCO Global Geopark. The conference will highlight innovative solutions and transformative approaches in remote sensing, emphasizing its vital role in tackling global challenges such as climate change, sustainable development, and resource management. Attendees will have the unique opportunity to exchange knowledge, showcase groundbreaking research, and foster collaboration in this dynamic field. It will also provide a platform to share technical expertise and academic experiences, promote remote sensing operations and applications, and discuss geospatial information management for effective utilization. Moreover, the conference aims to strengthen regional cooperation among member countries, fostering partnerships and innovation.

IMPORTANT DATES

- 1 Submission Abstracts Deadline**
July 20, 2025
- 2 Acceptance Notification**
August 3, 2025
- 3 Full Paper Submission Deadline**
August 31, 2025
- 4 Conference Dates**
October 27 - 31, 2025

CALL FOR ABSTRACT

We invite researchers, scholars, and professionals worldwide to submit abstracts for the 46th Asian Conference on Remote Sensing (ACRS 2025). This event provides a premier platform to share groundbreaking research, innovations, and applications in remote sensing, promoting collaboration and progress in addressing global challenges. Join us in advancing the future of remote sensing! The Conference Prosiding will be indexed by Scopus.

TOPIC CATEGORY

We welcome contributions on a wide range of topics, including but not limited to:

General Remote Sensing

Advances in sensor technology, data acquisition methods, image processing, and analytical techniques.

Applications of Remote Sensing

Innovative uses of remote sensing in various domains such as agriculture, forestry, urban planning, disaster

Emerging Technologies

Integration of remote sensing with AI, machine learning, cloud computing, and big data analytics.

Geospatial Data Integration

The combination of remote sensing data with GIS and other spatial data systems for enhanced decision-making.

Sustainable Development Goals

Contributions of remote sensing towards achieving the United Nations Sustainable Development Goals, with a focus on land use, water resources, biodiversity, and

Asian Conference on Remote Sensing 2025

VENUE CITY & HOTEL

VENUE CITY Makassar, the bustling capital of South Sulawesi, Indonesia, offers a harmonious blend of history, culture, and natural wonders. Renowned for its iconic Fort Rotterdam, a legacy of colonial times, and the scenic Losari Beach, the city is a haven for history enthusiasts and sunset lovers alike. Its rich culinary tradition, featuring delights like Coto Makassar, attracts food enthusiasts from around the globe. Just beyond the city, the Maros-Pangkep UNESCO Global Geopark enchants visitors with its striking karst formations and ancient caves. As a hub for trade, education, and innovation, Makassar stands as a perfect venue for the 46th Asian Conference on Remote Sensing.

VENUE HOTEL The Rinra Hotel, Makassar, offers a prime location with stunning views of the Makassar Strait. Situated just 30 minutes from Sultan Hasanuddin International Airport, the hotel is conveniently close to vibrant shopping destinations, renowned local restaurants, cultural attractions, and premium accommodations.

With its luxurious facilities and world-class hospitality, The Rinra Hotel ensures an unforgettable experience for all attendees. From exceptional event spaces equipped with modern technology to breathtaking surroundings, the venue sets the perfect stage for collaboration, innovation, and networking at the 46th Asian Conference on Remote Sensing (ACRS 2025). We look forward to welcoming you!

SPONSORSHIP OPPORTUNITIES

We are delighted to offer an exclusive opportunity for companies and organizations to partner with the 46th Asian Conference on Remote Sensing (ACRS), a prestigious global event that brings together experts, innovators, and decision-makers in the field of remote sensing. As a sponsor, your organization will gain unparalleled visibility and the chance to engage with leading professionals and researchers worldwide.

Why Sponsor The ACRS 2025?

- 1 Global Exposure:** Reach an international audience of experts, industry leaders, and
- 2 Brand Visibility:** Showcase your organization as a leader in the remote sensing
- 3 Networking Opportunities:** Build meaningful connections with professionals, researchers, and potential clients.
- 4 Thought Leadership:** Position your organization as a key player in the future of remote sensing by participating in high-profile

REGISTRATION FEE

The registration fees for the 46th Asian Conference on Remote Sensing (ACRS 2025) are structured to accommodate various participant categories, ensuring accessibility for both international and local attendees. The fees are divided into three categories: Foreign Participants, Local Participants, and Local University Students (Undergraduate Only).

Early Bird Registration 1st March – 31st July

Foreign Participants:
150 USD
Foreign Students:
130 USD
Local Participants:
Rp 1,500,000
Local University Students:
Rp 750,000

Normal Registration 27th July – 27th October

Foreign Participants:
200 USD
Foreign Students:
150 USD
Local Participants:
Rp 2,000,000
Local University Students:
Rp 1,000,000

EVENT HIGHLIGHT

The 46th Asian Conference on Remote Sensing (ACRS 2025) offers a series of dynamic events designed to inspire innovation, foster collaboration, and enhance knowledge in the field of remote sensing. Below are the key highlights:

- 1 Summer Camp:** A national pre-conference event by MAPIN/ISRS for networking and skill-building.
- 2 Technical Sessions :** The core event showcasing cutting edge technology and innovation in remote sensing
- 3 White Elephants:** Tutorials by the famous professors for young scientists and students.
- 4 WEBCON:** Web-based software contest for students and young scientists.
- 5 Workshops:** Remote Sensing Thematic Applications
- 6 General Conference:** The official meeting of AARS members (closed meeting)
- 7 Awards:** Recognition for outstanding contributions in remote sensing.
- 8 Technical Exhibition:** Displays the latest technological advancements in remote sensing.
- 9 Banquet and Cultural Night:** A gala celebrating culture and collaboration.
- 10 Summer Schools:** Educational programs for students and young professionals.
- 11 Optional Tours:** Satellite Ground Station, Spermonde Islands, UNESCO Global Geoparks
